### Legal Services – London Office- Update

**Alessandro Belluzzo**  
TEP, Barrister  
September 2022

Following Alessandro Belluzzo's call to the Bar of England and Wales, and our professional partnership with the law firm [Phillips Lewis Smith](#), *who now share our offices in Craven Street*, our legal department has expanded.

This partnership combines Belluzzo's consolidated expertise in wealth, tax and finance law, with Phillips Lewis Smiths legal practices and will enhance our capabilities across our core services to meet the needs of our business and private clients in a national and cross-border capacity.

True to our ethos of "forward thinking", we were quick to react to the numerous legal reforms Brexit would bring, and our partnership with Phillips Lewis Smith allows us to support the shift of legal requirements our clients request, for example the increased demand for immigration services, as the new legislations impact all aspects of their business and personal lives.

The range of reserved and unreserved legal services we now offer are varied and include:

- Immigration - Commercial and residential property - Business law – Disputes – Wills, Trusts, Probate – Family

With a combined staff of over 30 legal professionals working from our London office, our Legal department goes from strength to strength!

This year also marks an important milestone for Belluzzo International Partners. We are celebrating our 40th anniversary as a firm, and our London office enters its' 12th year!

Our ongoing success is testament to the loyalty and support of our clients, and to the teamwork, hard work, and collaboration of our professionals. In the words of the great entrepreneur Henry Ford:

"If everyone is moving forward together, then success takes care of itself,"
